

ARUBA is a chair characterized with its simplicity and functionality. One of its most important features is safety. The chair's solid construction allows a load capacity up to 150 kg. A well-profiled seat with various mechanisms and the indispensable lumbar support ensure the correct user posture. Additionally, We offer a synchro mechanism to Aruba chair to increase comfort and ensure well-being during long hours of work spent in the office. The seat is also equipped with a slider plate, which allows to adjust the seat depth. ARUBA is also available with a headrest. It adds elegance and provides head support and relieves the cervical spine.
